

### Indoor Environmental Inspection Ability and Validation Technology Meeting & Indoor Environmental Annual General Meeting

Date: 15~16 Aug, 2007

Venue: Beijing

Glad to see that Indoor Environmental Inspection Ability and Validation Technology Meeting & Indoor Environmental Annual General Meeting were held in Beijing this year. Thanks for China National Accreditation Service for Conformity Assessment, China Environmental Labelling Leading Committee and Chinese Society For Measurement – Environmental and Materials Testing Committee attended the meeting for project report. Also we are welcomed more than 60 leaders from different provinces in China to share the latest China Standard, Technology Training and Discussion.

There were about 60 participants from all provinces as attendant.

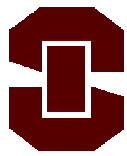

Our booth displays IAQ-Pro pump, Gilibrator-2 and Diagnostic Calibration System.

Our sales engineers demonstrated the products features and advantages of IAQ-Pro pump.

Mr. Ji, VP of Science Lab was invited to present a topic called Constant Flow Technology in the symposium.
