

Achieving IAQ Certification with Professionals- IAQ Certificate Issuing Bodies

Date: 13 June 2008

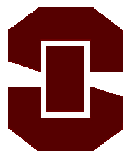

Venue: Hong Kong Productivity Council

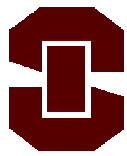

A seminar “Achieving IAQ Certification with Professionals- IAQ Certificate Issuing Bodies” was held in the Lecture theatre of HKPC at Jun 13,2008.

All participants are from governmental environmental agency, accredited authorities and operators in IAQ field. The topics with “directives of governmental regulations, the hands-on experiences in IAQ monitoring such as offices and shopping malls by the professional people and the recognized methodologies from the monitors/instrument are widely covered in the seminars. We are targeting to achieve the “excellent class” of the issue –“Indoor Air Quality”.

Group photos for the speakers

Our company demonstrated several kinds of IAQ monitors
