

Visit of South China National Centre of Metrology (Guangdong, Feb 2008)

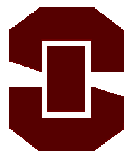

Date: 29 Feb 2008

Venue: Guangdong, China

Hong Kong Indoor Air Quality Association has visited “South China National Centre of Metrology“ (SCM) on Feb 29, 2008. More than twenty visitors of the delegation, including colleagues from our company have participate in this visit. We have more understanding about “The accreditation of calibration service of Indoor air quality monitors“ provided by this center.
